

Daniel S. German, D.D.S.

Thirty years ago, Dr. Dan German started an orthodontic practice that became one of the largest privately held practices in the country. He served as a Professor of Orthodontics at The Ohio State University College of Dentistry, where he trained post doctoral residents and was an attending clinical doctor. In 2016, Dr. German used his passion for transforming the delivery of dental care to found orthobrain®.

Dr. German is well known throughout the dental world for educating professionals on how to correct the entire spectrum of malocclusions, all while rendering exceptional service. Dr. German is devoted to solving dental problems using new and better solutions. He helped develop systems for an easy and precise way to place braces without any lab work.

Dr. German is an orthodontic pioneer in the fields of interceptive orthodontics, aligner therapy, digital braces placement and 3-D imaging. His techniques have been taught around the world.

For the past 25 years he has traveled the world as a keynote speaker, teaching the clinical aspect of orthodontics and practice development to specialists and general practitioners alike. Dr. German began a two-week teaching tour in Australia where he lectured at the National Orthodontic Society and ended at the Equilibration Society in Chicago. He presented at the American Association of Orthodontists meeting along with the world's top presenters. Most recently, he was a full day keynote speaker at the Global Orthodontic Program of the 2018 Greater New York Dental meeting where 53,000 people attended the conference.

In 2014, Dr. German received what he considers the crown jewel of his career - The Distinguished Alumni Award from the University of Louisville Orthodontic Department. This is only the second time the award has been bestowed.

Dr. German is most proud of his role as a dad and grandpa, raising seven children with his wife, Teri.

CURRICULUM VITAE

Daniel S. German, D.D.S.
2590 Buckhurst Drive
Beachwood, Ohio 44122

Mobile: 937.367.7629
Email: dan@orthobrain.com
Website: www.orthobrain.com

Spouse: Teri E. German

Children: Julia, Laura, Ethan, Aaron, Edin, Meira, and Ezra

EDUCATION

Orthodontic Residency 1987	University of Louisville, School of Dentistry, Department of Orthodontics Louisville, Kentucky Certificate in Orthodontics
Dental School 1985	Case Western Reserve University, School of Dental Medicine Cleveland, Ohio D.D.S.
College 1983	Case Western Reserve University Cleveland, Ohio B.S.
High School 1979	University School Cleveland, Ohio

POST-GRADUATE CONTINUING EDUCATION:

Advanced Mini-Residency for licensed orthodontic specialists learning interdisciplinary excellence
University of Washington, School of Dentistry, Department of Orthodontics, Seattle, Washington, 2007
