

The orthobrain® webinar series!

Dr. Joe Landry

Predictable and Profitable Orthodontic Solutions for the General Dentist

Please join us for another engaging installment of the “Predictable and Profitable” Ortho series. We help practices understand and implement treatment options supporting optimal patient and practice outcomes. In this episode, Dr. Joe Landry details strategies to support improved case selection, patient communication and workflow in the general practice.

1 CE Credit

Learning Objectives:

- Learn how to incorporate clear aligners into your practice workflow, including scanning, treatment planning, and monitoring
- Explore successful patient case studies to understand the potential benefits and clinical outcomes utilizing clear aligners
- Identify opportunities for practice growth by integrating clear aligners using specialist guided outcomes into your offerings.
