

Study Club Series

ORTHODONTICS SIMPLIFIED

Predictable & Profitable Orthodontic Solutions

Presented By:

Dr. Sam Glick
2 CE Credits

Course Description:

In this course, doctors will learn the importance of delivering orthodontics in their practice. Participants will learn how to use a collaborative system that delivers predictable orthodontic treatment, maximizes patient care, and increases restorative production. Emphasis will be placed on creating a **“Total Solution”** with practical information and resources that teams can use to start and grow aligner cases immediately. At the end of the course, participants will have the knowledge and confidence to start delivering orthodontics.

Learning Objectives:

- Discover how a virtual orthodontic team creates a collaborative system, allowing doctors to leverage their team to deliver excellent patient care.
- Discover increased profitability from delivering predictable orthodontic treatment with proven systems.
- Understand how orthodontic treatment can increase restorative production, practice growth and create raving fans.
- Learn how a “Total Solution,” from case acquisition to treatment completion, gives the team confidence to start and grow aligner cases tomorrow.

Dr. Sam Glick founded Cleveland Smile Center in 2018 and comes from a family of dentists. He is currently pursuing a Fellowship in the Academy of General Dentistry, demonstrating his commitment to dental excellence. Dr. Glick specializes in oral surgery, dental implantology, total mouth reconstruction with Full Arch All-On-4 Dental Implants, and orthodontics for both children and adults. He is a certified Invisalign provider and offers traditional metal braces.

In addition to his expertise in cosmetic dentistry, Dr. Glick is certified by the American Academy of Facial Esthetics to administer Botox and dermal fillers. Outside of work, he enjoys spending time with his family, including his wife Stephanie, their two children, and two dogs, as well as focusing on physical fitness.

Dr. Glick welcomes questions from patients and can be contacted via email at drsam@clevelandsmilecenter.com
